CALIFORNIA * FLORIDA

Dear ScaleMaster Owner:

Please note that you do not need to remove the Indicator from the Storm Box in order to use your Scale Master.

Please charge unit at least once a month to keep NICAD batteries at optimum capacity when scale is not used regularly.

In order to continue to meet IGFA standards, this instrument must be recalibrated and certified annually.

If you have any questions or need any additional information, please feel free to contact us.

Good luck fishing!
